CAR SEAT PROTECTION FOR MINORS BETWEEN CERO AND EIGHT YEARS ..... 13

## INTRODUCTION

In November of 2020, the Traffic Safety Commission of Puerto Rico (CST for its Spanish acronym) hired the firm Estudios Técnicos, Inc., to design and conduct a survey to assess the impact of the car seat campaign, utilizing a research methodology in compliance with the National Highway Traffic Safety Administration (NHTSA) requirements. This report presents the results of the survey, conducted from Novembrer 12 of 2020 through February 8, 2021.

## METHODOLOGY

A telephone survey was made to residents in Puerto Rico 16 years or older with an active driver's license, father, mother, guardian or responsible for a child between 0 to 8 years old. The survey used a probabilistic sample. Telephone numbers were randomly chosen among a list of residential and mobile phone numbers generated randomly from a sample based on "Random Digit Dialing" (RDD). Based on the selected sample type, the estimated sampling error is $\pm 4.4 \%$ with a confidence level of $95 \%$.

The research instrument for data collection consisted of a telephone interview using a Computer Assisted Telephone Interviewing System (CATI), by the Estudios Técnicos, Inc. staff.

## FINDINGS

## DEMOGRAPHIC PROFILE

The general demographic profile of the sample follows:
The sample gender distribution consisted of 183 males ( $36.6 \%$ ) and 317 females ( $63.4 \%$ ). The median and average age of the sample was 39 years old. The youngest participant had 16 years and the oldest was 78 years old.

Gender of the interviewee

|  | Freq. | $\%$ |
| :--- | :---: | :---: |
| Male | 183 | $36.6 \%$ |
| Female | 317 | $63.4 \%$ |
| Total | 500 | $100.0 \%$ |
| $N=500$. |  |  |

| Age |  |
| :--- | :---: |
|  | Freq. |

| Does not say | 192 | $38.4 \%$ |
| Total | 500 | $100.0 \%$ |
| $N=500$. |  |  |

## GENERAL DRIVING HABITS

Most of the participants of the study (73.8\%) drive their vehicles "every day", while two percent drive "once a week".

How often do you drive a motor vehicle?

|  | Freq. | $\%$ |
| :--- | :---: | :---: |
| Every day | 369 | $73.8 \%$ |
| Almost every day | 89 | $17.8 \%$ |
| Several times a week | 30 | $6.0 \%$ |
| Once a week | 12 | $2.4 \%$ |
| Total | 500 | $100.0 \%$ |
| $\mathrm{~N}=500$. |  |  |

"Regular car" is the most frequent vehicle used among participants (52.2\%), followed by "SUV" (39.2\%). Also, almost one out of 10 (5.4\%) reported the use of a "pick-up truck or trucks".

What type of motor vehicle do you drive most frequently?

|  | Freq. | $\%$ |
| :--- | :---: | :---: |
| Regular car | 261 | $52.2 \%$ |
| SUV | 196 | $39.2 \%$ |
| Van | 4 | $0.8 \%$ |
| Mini van | 11 | $2.2 \%$ |
| Pick-up truck or truck | 27 | $5.4 \%$ |
| Does not know / Does not say | 1 | $0.2 \%$ |
| Total | 500 | $100.0 \%$ |

$\mathrm{N}=500$.

In a typical weekday, the median amount of time participants spends driving is two hours. In a typical weekend the median amount of time participants spends driving is one hour and thirty minutes. The minimum time reported on weekdays was ten minutes, while on weekends some participants do not spend time driving.

On average, during a typical day of the week, approximately how much time do you spend driving a vehicle?

| Mean | 2 hours 55 minutes |
| :--- | :---: |
| Median | 2 hours |
| Minimum | 10 minutes |
| Maximum | 18 hours |

$N=435.65$ did not responded.

| Total | 500 | $100.0 \%$ |
| $\mathrm{~N}=500$. |  |  |

On average, the participants indicated to travel with one child in the car.
Typically, how many children between cero to eight years old travel with you in the vehicle?

| Mean | 1.3 children |
| :--- | :---: |
| Median | 1 child |
| Minimum | 1 child |
| Maximum | 4 children |
| Sum | 659 children |

$N=490.10$ did not responded.

In relation to the age of the children and the type of car seat that the child uses in the vehicle, from ages cero to five almost all children use the standard car seat. Once the children reached five years, the participants move them to the booster seat. From six years and above, people tend to have their children ether on a booster seat or without any protector seat.

What is the age of those children traveling with you in the vehicle?/ What type of seat does the child use, typically, with you in the vehicle?
